FERCAM Fine Art

What do we offer?

FERCAM Fine Art offers its customers a complete and specialized art logistics service, in Italy and abroad, including set-up and deposit solutions.

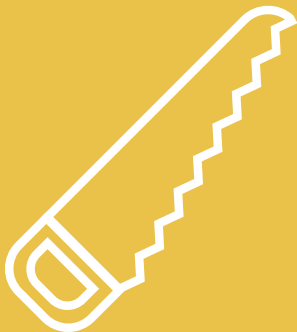

Handling and transport

Integrated transport on national and international territory, organized according to the highest safety standards, by land, sea or air. Dedicated equipped and air-conditioned vehicle fleet for road transport, with satellite control for real-time visibility. Management of all customs procedures and ministerial practices by qualified professionals. Possibility to activate an All Risks guarantee and to request status reports.

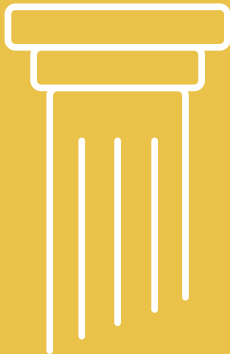

In-house carpentry

Design and production of customized packaging crates, created by artisans specialized in art handling, tailored to specific needs with cutting-edge methods, and use of high-performance materials. Recycling of the wood from the crates at the end of their life, for more eco-sustainable logistics.

Installation

Management of accrochage and set-up services in both museum and private sectors, consultancy for the development of exhibition projects and dedicated technical team. Asset cataloguing, courier assistance and coordination, including reception and accompaniment services.

Storage

Warehouses equipped with the most sophisticated security systems, availability of different types of storage with shelves, fixed boxes, and armoured air-conditioned vaults. Short- and long-term storage solutions, overnight services.

WHAT MAKES US DIFFERENT?

**Technical
competence**

**Professional
ethics**

**Passion for
the sector**

A centenary tradition...

... in continuous EVOLUTION!

A timely response, which supports the art world, between physical and digital, focusing on integrated and automated services.
